

## THE WATER

*By Katy Rose Bennett*

### A

I go down to the water (I go down to the water)  
Whenever she calls me, (whenever she calls me)  
Whenever I can't see (whenever I can't see)  
A way through the trees (away through the trees, my friend)  
(When) I go down to the water (I go down to the water)  
She asks nothing of me (she asks nothing of me, no, no)  
Just whispers softly (softly)  
Remember to breathe

### B (*Bass and tenors sing something different*)

Oh the water, (she is) fast (and) she is slow  
(She shows) me the way to go  
Without a word (without a word)  
Oh the water, (see how) she dances in the light  
(Stills my) mind and sets me right up on the earth (she sets me right)

### C

I go down to the water (I go down to the water)  
Whenever she calls me, (whenever she calls me)  
Whenever I can't see (whenever I can't see)  
A way through the trees (away through the trees, my friend)  
(When) I go down to the water (I go down to the water)  
She asks nothing of me (she asks nothing of me, no, no)  
Just whispers softly (softly)  
Remember to breathe (remember to breathe)  
Remember to breath (remember to breathe)  
Remember to breathe (remember to breathe)  
Remember to breath (remember to breathe)  
Remember to breath (remember to breathe)
